

THE VALENTINE DEMOCRAT.

VOLUME XV

VALENTINE, NEBRASKA, NOVEMBER 29, 1900.

NUMBER 45

ONE PRICE TO ALL AND THAT THE LOWEST

If you like to trade at a store where you can feel sure that you are getting just as low a price as everywhere else, come here. We pride ourselves on the fact that we conduct a strictly one price store. One customer's money is just as good as another's here. A child can buy as cheaply as the shrewdest buyer. The reason we obtain the patronage of the majority of well posted buyers is because they appreciate our values. Not in all the history of this business have we been prepared to serve our customers more satisfactorily than this season. We can please you, too.

Dan Adamson was in Monday to close the deal for Mr. Riedel's hay claim and took occasion to hand a dollar in to THE DEMOCRAT for which we are truly thankful. Who'll be the next.

W. P. Hunt started Monday morning for Joplin Mo. to visit his folks and look up a location. Mr. Hunt will probably go into the restaurant and bakery business if he finds a suitable location.

Henry Brown of near Sparks has bought the Jake Hower place on the river from Henry Letgett. Mr. Brown and his wife were in town Monday to doctor the baby for eczema and do some trading.

Jacob Martin has lost 8 head of cattle by too much corn stalks this fall. Mr. Martin says he has lost 163 head of cattle since coming to Nebraska. A nice herd if they and the increase were in a bunch now.

Jas. Hudson was reported down with small pox but came to town Monday and says that he had something that made him break out some but that he never lost any time on account of it and that it couldn't be very bad. Well Jim looked all right.

Dennis and Brown the painters have just finished painting the City Hotel a fine pale green which adds much to the appearance of the building and the south end of Main street also.

John P. Jones came in Saturday from W. E. Waite's ranch for a load of supplies. It was reported that J. P. had the smallpox but he tells us that if he did there was no alarm as he never lost a day from work.

Cody is to have two newspapers and a whole lot of other things. We wonder how the Land Office Department Method Combination will look at these matters. It does put a different face upon matters and looks something like a tiger.

If any one is receiving THE DEMOCRAT who does not want to read it he will confer a favor upon the Editor by paying his subscription due before asking to be dropped from the list or refusing to take the paper from the postoffice after having received the paper for several months.

Mrs. Chas. Linebrink came in Monday evening to take the next train for Omaha where she goes for medical treatment for a time as she has been ailing for some time. Mr. Linebrink is carrying the mail between Chesterfield and Newton and Mrs. Linebrink had to come in with one of the neighbors.

We hear that Pettijohn Towle & Co. are thinking of starting a newspaper in Valentine to corner the patronage afforded by the U. S. Land Office. This will perhaps enable the homesteader to prove up cheaper under the department store method. Also another business enterprise for Valentine. Pull off your hats boys and shout for enterprising men.

D. R. Riedel of near Chesterfield has sold his hay claim to Dan Adamson. Both are made happy by the deal. Mr. Riedel will go to Sheldon Mont. to assist in running a sawmill in a lumber camp in partnership with a brother who has been up there a number of years and is doing well. Mr. Riedel has made a number of friends in Cherry county that will be sorry to see him go and will be glad to have him return if he does not find things to his satisfaction where he goes. Here is an example of what inducements our county formerly offered when there were good lands vacant. Mr. Riedel dropped into our county without a dollar and hatless. He now has a lot of property besides a neat bank account of \$2000 and more. So much for the past five years of careful management. Good luck to you Dick.

Everything goes merrily along though the tide is against us. There are no new cases of What-is-it and our Board of Health will raise quarantine on those hitherto under surveillance as soon as they are safely cured. We hear that there is scarcely a State or town of any size that is not infected with the disease. No deaths are reported though two deaths are reported in Omaha from vaccination and two upon the Agency from the same cause. There are a number of towns that have the same disease but manage to keep from talking about it and when Valentine is completely renovated there will be others to talk about. Our Board of Health has taken precautions to guard cases of the disease and to see that no one exposed was allowed freedom on the streets keeping them under quarantine 14 days after being exposed. We won't have none of your slap-jacks when our slap-jacks are gone.
